

MKM KABEL

COMPANY PROFILE

OUR PROFILE

PT. Mega Kharisma Makmur was founded in 2011 with the objective of providing Indonesia's rapid electricity infrastructure development with high quality conductors and cables delivered quickly to clients.

Since then, PT. Mega Kharisma Makmur has been manufacturing a wide array of conductors and cables for use in low to extra high voltage transmissions and delivered them for installations all across the archipelago, including supplying for PT. PLN (Persero).

COMMITMENT TO EXCELLENCE

At PT. Mega Kharisma Makmur, our philosophy is rooted in **Professionalism**, **Commitment**, and **Reliability**. We strive to deliver exceptional quality in every conductor and cable we manufacture, ensuring seamless energy transmission across Indonesia. Guided by unwavering dedication, we stand as a trusted partner in powering the nation.
